

A Food Drive

As easy as **1-2-3**

1. **Prepare for Your Drive.** Set a goal for the amount of food you plan to collect. Hang posters and distribute flyers to encourage participation. Involve friends, community members and co-workers. Make it FUN! Contact Second Harvest if you need help with posters or flyers.
2. **Conduct Your Drive.** Ask for food items that Second Harvest needs the most — canned meat & protein items such as: **canned chicken, ham, mackerel, meat spreads, salmon, sardines, tuna, peanut butter, beef stew, canned soup, canned beans or peas.** Encourage friendly competition. Collect food in boxes sturdy enough to hold the food and small enough to carry.
3. **Conclude Your Drive.** *Thank the people who supported your drive!* Deliver the food to our warehouse at 2501 East President Street at the corner of East President Street and Riverview Drive. If you have collected too much food to deliver to us, please call to schedule a pick up.

**A representative from Second Harvest
will be happy to talk to you about your Food Drive or to speak
to your group.**

**Please feel free to contact us if you have any
questions or need more information!**
